

The Geothermal panel: 4 years of experience

Brussels, 12th June 2014– Geothermal Panel webinar

Javier Urchueguia, Geoplat- UPV / Chairman GT Panel

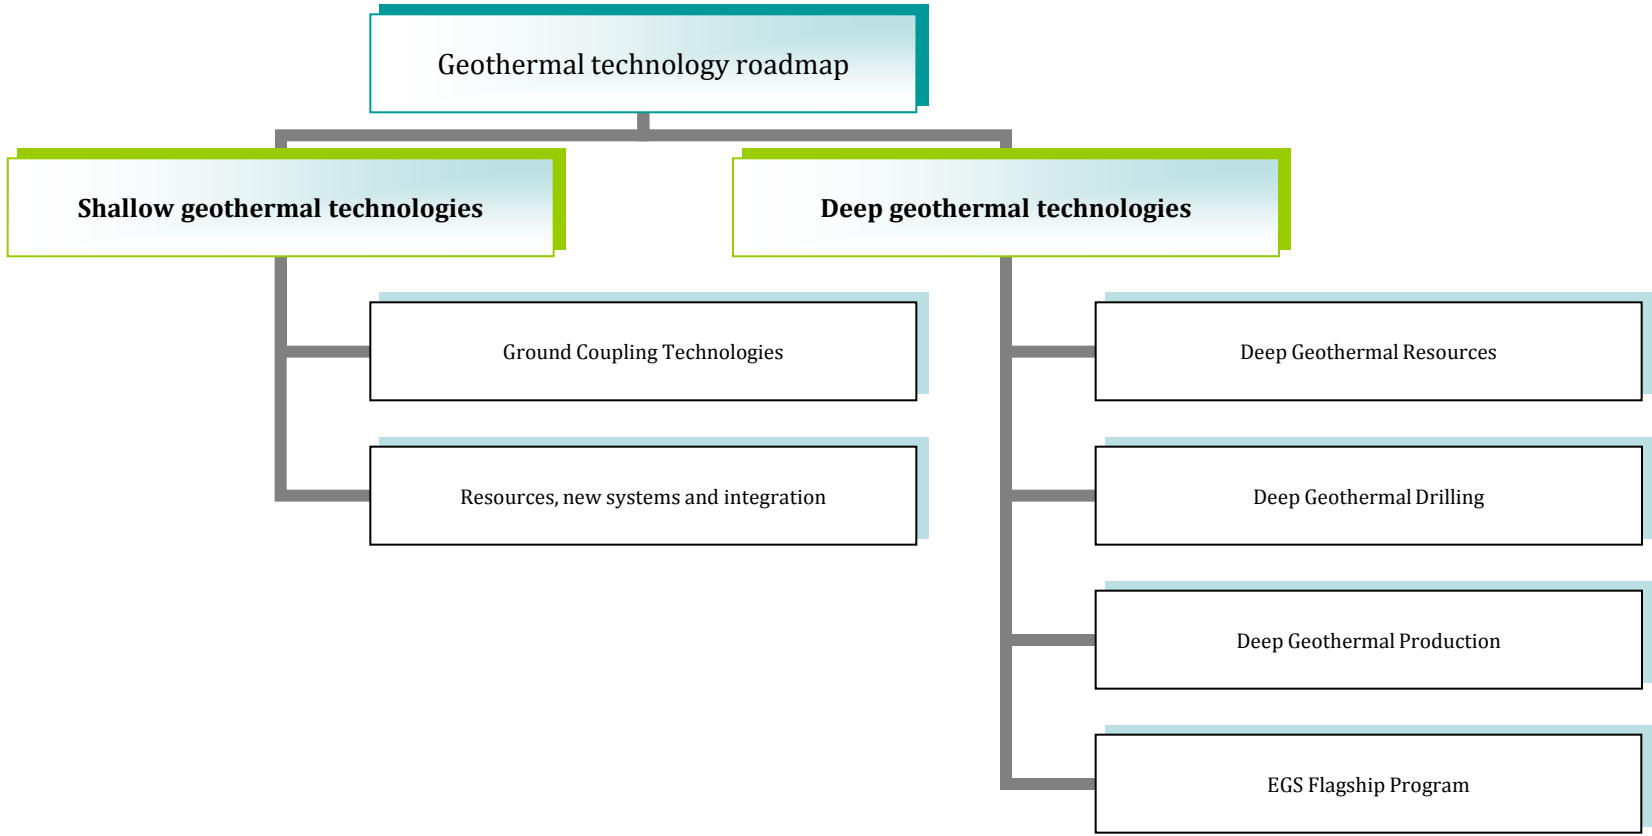

The Geothermal Strategic Research Agenda: h&c and electricity

2012/2013: Activities

Geothermal Implementation roadmap:

- **04/09/2012: Preparatory workshop in Brussels with geothermal R&D projects review + Establishment of 2 working groups: shallow and deep geothermal**
- **March 2013: final draft of the Geothermal Implementation roadmap**
- **April-May 2013: consultation + validation workshop in Dublin**
- **Autumn 2013: validation by the SC**
- **June 2014: Publication of the final Geothermal Roadmap**

- **Vision and R&D priorities for geothermal heating & cooling 2030 : 2009**
- **Strategic Research Agenda for geothermal heating & cooling : 2012**
- **Geothermal Implementation Roadmap: February 2014**

Next Activities 2014...

- Promote key research priorities:

 - > **WP2014-2015 Horizon2020**

- promotion of national TPs in the geothermal area and of by-side measures: e.g. GEOTRAINET+, REGEOCITIES, etc..

- Diversify sources of funding, esp. For non technical barriers

- RHC integrated Roadmap and SET Plan integrated roadmap**
